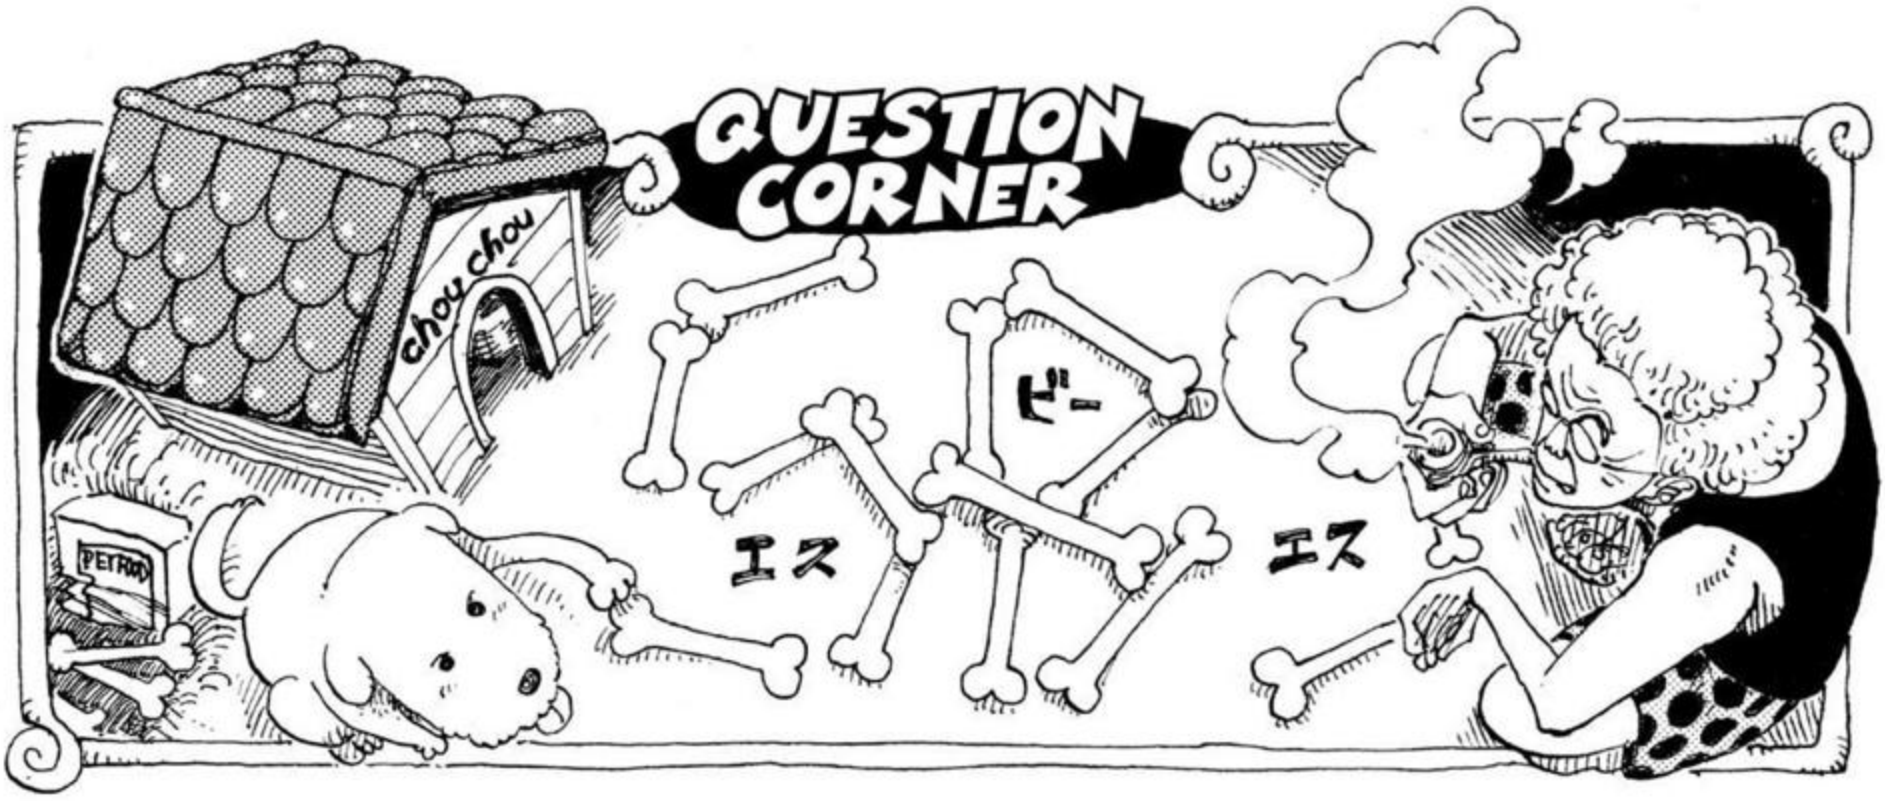
WHO'S YOUR SHIPMATE, LUFFY?

TM

NAMI...

!

IF YOU DON'T WANT TO BELIEVE IT, FINE!! BUT I SAW IT WITH MY OWN EYES!!



Q: Hey, Mr. Oda!! Sit down!! I know you want to see your own profile, but be careful!! You could break your neck! Value your life more!! And shame on you for having to be told by someone younger than yourself!! Repent!! Dismissed!!

A: You're right...I'm sorry.

Q: I tried that thing in your note of VOLUME 7 about trying to see your own face in profile with only one mirror, and I sprained my neck. The doctor asked me how it happened. I didn't know what to tell him.

A: Then you're one of **us**.

Q: Hello. I had this bottle of wine and I thought, "What country is this from?" I looked at the label and it said, "dry, full body." I was a little bit surprised, but also pleased. That's the origin of the name of Lt. Fullbody's name, isn't it? Don't deny it.

A: I won't, that's exactly it! I don't drink much alcohol so I don't know a lot about wine, but it seems that the depth of flavor is called body! Strong wines aged for a long time are said to have "full" body. Lighter wines are said to have "medium" or "light" body. And that's where Lt. FullBody's name comes from!

Q: Where was Gin hiding that weapon?
Was it "down there" or what?

A: What?! Are you insinuating that the weapon was hidden between Gin's legs?! He wouldn't do a thing like that. Gin's fans are gonna be mad at you--and he's very popular.
